

CALL FOR PAPERS | EDUCATION & TRAINING ANATOMICAL THEATER

On the first day of the exhibition, institutions for education and training as well as academies and universities have the chance to present themselves to the young academics of the branch. The Anatomical Theater was developed by the DTHG according to designs of the Academy of Fine Arts Dresden with the support of the companies CAST, ETC and Lichtblick, and is dedicated to lectures/presentations, workshops/discussion formats in the field of training and education.
